# 2012 RESIDENT DEER AND ELK PERMIT APPLICATION PACKET

**Easily determine where you need a permit to hunt  
Mule Deer Bucks and Bull Elk. Apply by March 15th**

- ▶ The FWP Commission recently changed the deadline for Deer and Elk permits from June 1st to **March 15th**. Now you'll have drawing results by the end of April and three additional months to make plans, scout, talk to landowners and get in shape.
- ▶ The deadline for antlerless Deer B, Elk B, Antelope, and Antelope B license applications remains **June 1, 2012**. Moose, Sheep, Goat and Bison license application deadline remains **May 1, 2012**.

## This new application package is for Deer and Elk permits. Apply using the following steps:

- 1. Determine if you need an Deer or Elk permit in your hunting area. A permit and a general license is required to hunt Mule Deer Bucks and Bulls in certain hunting districts.**

Review the maps for Deer and Elk. If the hunting district where you wish to hunt indicates a permit is required, you must apply by March 15. If the map indicates that no permit is required, your general Deer or Elk license is all you need to hunt there in 2012.

- 2. Pick the correct permit code and know the hunting district**

Some hunting districts have more than one option for a permit, one for archery only or general season only, and one for archery and the general season. Some permits are also valid for more than one hunting district. Check the hunting district before you choose. Learn about the hunting district you wish to hunt before applying for the permit. Visit: [fwp.mt.gov/hunting/planahunt](http://fwp.mt.gov/hunting/planahunt) for hunting district details. **NOTE: HD that have a quota of "pending" will not be finalized until the Commission meets on Feb 16th, do not apply in these HD until you have verified the Commission action.**

- 3. Check your odds of drawing a permit**

The general drawing statistics for elk and deer permits are located below the deer and elk hunting district maps.

- 4. Are you applying as a party?**

### **For paper applications:**

Make sure: (1) all party members are listed; (2) all party members apply for the same hunting districts, in the same order and include the same bonus-point participation; (3) all party applications must be submitted in the same envelope.

### **For online applications:**

The party establisher must list all party members and provide the party number to all party members so each member can apply online for that party.

- 5. Are you using bonus points?**

If you wish to participate in the bonus points program, make sure that you check "YES" on the bonus point questions and include the \$2 Montana resident fee.

- 6. Complete your application, but only after you have purchased your prerequisite conservation license (and 2012 general elk license, if you seek an elk permit).**

### **For paper applications:**

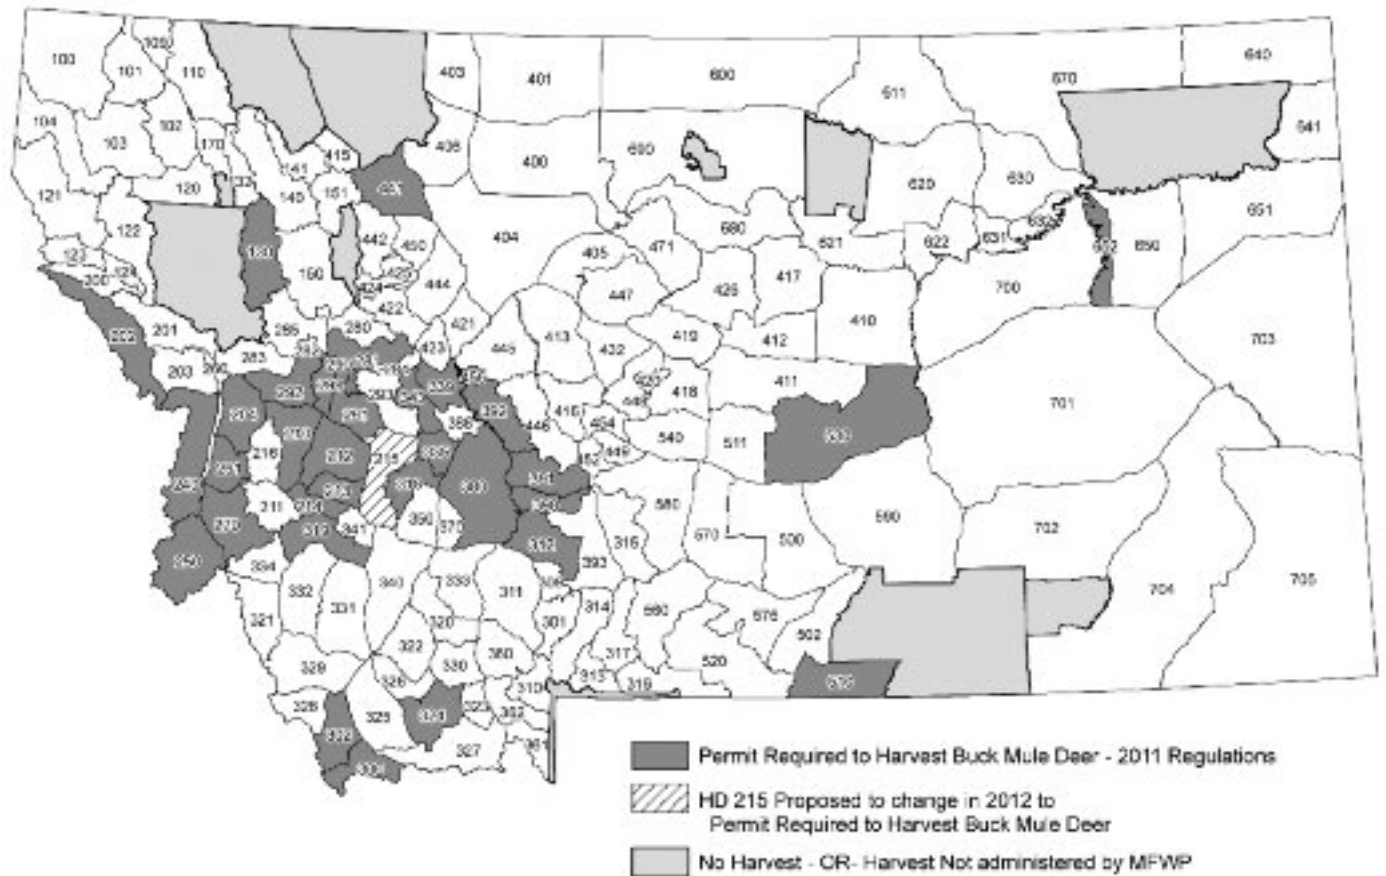

- Fill in your date of Birth and ALS # then fill out all mandatory information
- Original signature
- Fill in the hunting districts (all five numbers)
- Double-check your math
- Postmark no later than March 15th

### **For online applications:**

- Go to [fwp.mt.gov](http://fwp.mt.gov), and select "Buy a License"

## Deer Permits. Apply by March 15.

- Hunters who receive a deer permit must use it with a current general deer license. A deer permit does not allow you to take a second deer.
- Hunters who receive a deer permit valid for taking an antlered buck mule deer (with their general deer license) are restricted to taking an antlered buck mule deer only in the district or portion of district specified on the permit. They may not hunt antlered buck mule deer anywhere else in Montana even if the General Season or Archery Only Season is open to mule deer buck hunting with a general deer license. This applies to all deer permit areas, whether limited or unlimited, for antlered buck mule deer.
- Permits and licenses are labeled with a three-digit number followed by a dash and then a two-digit number (such as "213-40"). The first three digits identify the hunting district, and the last two digits are FWP codes for additional opportunities related to that license or permit.
- Permits are valid for antlered buck mule deer unless otherwise specified.

## License and Permit Types

- **Conservation License:** Each new license year, a new Conservation License is required as a prerequisite to purchase any fishing, trapping or hunting license(s), or to apply for licenses/permits. Most licenses can be purchased from any FWP License Provider beginning mid-January.

In compliance with the Federal Welfare Reform Laws, Montana law requires each resident and nonresident hunter, including youth, to provide the last four digits of his/her Social Security number when purchasing a Conservation License or obtaining a Conservation License through a drawing.

- **Bow and Arrow License:** A bow and arrow license, plus the proper hunting license is required during: (1) the deer, elk and/or antelope Archery Only Season; or (2) to archery hunt in an Arch-Equip only area or hunting district.
- **General Deer:** License is valid for one deer. Hunters may hold only one general deer license, which can be used for deer as indicated under the "General Deer License" heading on the deer and elk hunting regulations.
- **General Elk:** License is valid for one elk. Hunters may hold only one general elk license, which can be used for elk as indicated under the "General Elk License" heading on the deer and elk hunting regulations.
- **Hunting Access Enhancement Fee:** This is an annual fee and will be assessed at the time the hunter purchases his/her first hunting license (including upland and migratory bird).
- **Permit (Deer or Elk):** The permit must be used with a general elk or deer hunting license. A permit is not a second license and does not allow the holder to kill an additional animal. Rather, it expands the opportunity to hunt for a species in a particular hunting district allowing the hunter to harvest a Mule Deer Buck or Bull Elk. A general elk license is a prerequisite to apply for an elk permit.
- **B License (Deer or Elk):** The B license is an antlerless deer or elk license valid during a specific time period and in a particular hunting district or group of districts. A Conservation license is the required prerequisite. B licenses will be offered through a drawing with a deadline of June 1st or over the counter starting August 6th.

## Party Applications

Party applications allow everyone to either obtain a license/permit or not. Montana does not allow "party hunting" each person must harvest their own game. It is unlawful to loan or transfer a license to another or to use a license issued to another. Either everyone in the party is successful in obtaining a license/permit or everyone is unsuccessful. A party of individuals is assigned one random number in the computer. If that number is drawn, each member of the party receives a permit/license. The maximum number of applicants in a party is 5 members.

If you apply as a party, each party member must list the identical license/permit choices in the identical order on his/her application. All party members must have the same bonus point participation or they will be taken out of the party. The success rate for applying as a party versus as an individual is about the same. However, if a resident applies with a nonresident in a party, the whole party is considered "nonresident."

All paper party applications must be submitted in the same envelope. Online applications must use the same number set by the party establishment.

## Hunter Education & Youth Hunts

- **Hunter Education Requirements:** If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- **Bowhunter Education Requirements:** To purchase a Montana bow and arrow license, a hunter must:
  - provide a certificate of completing the National Bowhunter Education Foundation course, or
  - provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province. If you can no longer produce this license, for a \$5 fee you may sign an affidavit stating that you previously held such a license. The affidavit is available at all FWP License Providers. The affidavit entitles you to purchase a current year's Montana bow and arrow license.
- **Youth Hunter Requirements:** Youths who have completed Hunter Education and will turn 12 years of age before January 16, 2013, may purchase licenses and hunt after August 15, 2012.

## Bonus Point System

If you wish to participate in the bonus points program, check bonus points on the application and include the required fees.

- You must pay the fee when applying to use or gain bonus points.
- Applicants accumulate one bonus point for each unsuccessful year.
- The bonus points become extra chances in future drawings.
- The number of chances in a drawing equals the existing bonus points squared.
- An applicant may skip two consecutive years of participation without forfeiting accumulated points, but if an applicant misses the third year, all accumulated points for that species are lost.
- Rejection of an application because of applicant error is equivalent to failure to apply.
- Current status of bonus points is available online.

## Drawing Applications

If applying for a permit, your first choice is required, second and third choices are optional. If you have only one choice do not repeat the choice as a second and third option.

- Your second choice will only be considered if there is quota remaining after all applicants with that district as a first choice have been filled, or the quota is unlimited and allows second choice applicants.
- Your third choice will only be considered if there is quota remaining after all applicants with that district as a first or second choice have been filled, or the quota is unlimited and allows third choice applicants.
- Your best chance to use your second or third choice is if you choose a HD where the drawing odds are 100% or unlimited and allow second or third choices.
- Nonresidents are limited to up to 10% of the permits available in any district.

## Landowner Preference

The back of the application lists the qualifications for landowner preference and should be completed by individuals who wish to have landowner preference applied to their Deer or Elk permits. Landowner preference applications must be submitted on paper applications only.

# 2012 MONTANA LANDOWNER PREFERENCE QUALIFICATIONS

Please indicate which permit(s) you wish  
to have landowner preference applied to:

☐

DEER PERMIT

☐

ELK PERMIT

**FOR ALL LANDOWNER PREFERENCE:** Landowner preference is applied only to the first choice hunting district.

Only one person may be delegated landowner preference for each sole proprietorship, partnership or corporation. You may NOT apply for landowner preference for Deer or Elk permits, if you are applying as a party member. A corporation may delegate the landowner preference to a shareholder. If the permit is valid for a portion of the hunting district only, the landowner must own the land within that portion.

**FOR DEER PERMIT:** To qualify for landowner preference, you must own or be contracting to purchase at least 160 acres of land in the hunting district for which you are applying. Your property must be primarily used for agriculture. Partnerships may delegate landowner preference to members of the immediate family (blood-related or marriage-related) or employed ranch manager (paid employee who has state, federal or FICA taxes withheld from pay). **Hunters who draw a special permit to hunt mule deer may not hunt mule deer bucks anywhere else in Montana.**

**FOR ELK PERMIT:** To qualify for landowner preference, you must own or be contracting to purchase at least 640 acres of contiguous land, used by elk in the hunting district for which you are applying. Unusual or infrequent sighting of one or a few elk is not sufficient qualification for landowner preference. Contiguous land is land that is not interrupted by adjacent private land. Partnerships may delegate landowner preference to members of the immediate family (blood-related or marriage-related) or employed ranch manager (paid employee who has state, federal or FICA taxes withheld from pay).

**FOR ELK PREFERENCE:** Legal Description of 640 acres; (Township, Range and Section) is required. List below, or attach legal description of deeded land.

**FOR ALL LANDOWNER PREFERENCE:**

Land is recorded in \_\_\_\_\_  
INDIVIDUAL(S) OR CORPORATION NAME(S) COUNTY

**LANDOWNER'S SIGNATURE:** X

I have read the requirements for Landowner Preference as listed above and hereby declare that I am an eligible landowner. If designating landowner preference, I will complete the landowner preference information below on the designated person's application.

**IF DESIGNATING PREFERENCE:** \_\_\_\_\_  
NAME OF PERSON DESIGNATED TO RELATIONSHIP TO LANDOWNER
